Duluth 1200 Fund Mentorship Loan Program Overview

PURPOSE: This loan is created to assist small businesses with their start-up business needs, this is done by developing a business mentor relationship that ensures loan requests are developed with enough support to thrive. The Mentorship Loan can help businesses fund critical projects, and to build business credit and payment history which is critical when seeking larger investments in the future, while connecting business owners to local mentors and business development specialists.

The 1200 Fund defines a mentor as; a guide, an advisor and a cheerleader for the entrepreneur. A SCORE mentor combines expert business knowledge with empathy, understanding and support. A mentor is a friendly ear and offers guidance through difficult times in the client's business or personal life, offering encouragement and suggestions. A mentor understands the business plan and helps the client to follow the plan and helps adjust the plan to meet changing challenges and opportunities.
